DEPARTMENT HEAD: Mathew, McElroy
Deputy Director, Planning & Economic Development Department

APPROVED FOR AGENDA:

CITY MANAGER: _____

DATE: _____

ORDINANCE NO. _____

AN ORDINANCE CHANGING THE ZONING OF ALL OF TRACT 1A4, SECTION 45, BLOCK 79, TOWNSHIP 2, TEXAS AND PACIFIC RAILWAY COMPANY SURVEYS, CITY OF EL PASO, EL PASO COUNTY, TEXAS FROM R-3 (RESIDENTIAL) TO C-4 (COMMERCIAL) AND IMPOSING A CONDITION. THE PENALTY IS AS PROVIDED FOR IN CHAPTER 20.24 OF THE EL PASO CITY CODE.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EL PASO:

That the zoning of *all of Tract 1A4, Section 45, Block 79, Township 2, Texas and Pacific Railway Company Surveys, City of El Paso, El Paso County, Texas*, and as more particularly described by metes and bounds on the attached Exhibit "A" incorporated by reference, be changed from **R-3 (RESIDENTIAL) to C-4 (COMMERCIAL)**, within the meaning of the zoning ordinance, and that the zoning map of the City of El Paso be revised accordingly.

Further, that the property described above be subject to the following condition which is necessitated by and attributable to the increased density of use generated by the change of zoning in order to protect the health, safety and welfare of the adjacent property owners and the residents of this City:

1. A ten (10) foot landscaped buffer with high-profile native trees of at least two (2) inch caliper and ten (10) feet in height shall be placed at fifteen (15) feet on center along the property lines adjacent to any residential or apartment zoning districts. The landscaped buffer shall be in addition to the landscape requirements of Title 18 of the El Paso City Code, shall be irrigated and maintained by the property owner at all times, and shall be installed prior to the issuance of any certificates of occupancy.

PASSED AND APPROVED this _____ day of _____, 2011.

NEIGHBORHOOD INPUT

Notice of Public Hearing was mailed to all the property owners within 300 feet of the subject property on June 1, 2011. The Planning Division has not received any letters or phone calls in support of or opposition to the rezoning request.

APPLICATION DESCRIPTION

The applicant is requesting to rezone the property from R-3 (Residential) to C-4 (commercial) to allow for a wholesale market. Access is proposed from Joe Battle.

PLANNING AND ECONOMIC DEVELOPMENT-PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **Approval** of rezoning of the subject property with a condition as follows:

A ten (10) foot landscaped buffer with high-profile native trees of at least two (2) inch caliper and ten (10) feet in height shall be placed at fifteen (15) feet on center along the property lines adjacent to any residential or apartment zoning districts. The landscaped buffer shall be in addition to the landscape requirements of Title 18 of the El Paso City Code, shall be irrigated and maintained by the property owner at all times, and shall be installed prior to the issuance of any certificates of occupancy.

The projected land use map calls for residential and mixed use; however, Planning's recommendation for approval is based on the changing land uses in the area which are predominantly C-4 commercial. The subject property is the only property that is zoned residential along this existing heavy commercial corridor.

The Plan for El Paso-City-Wide Land Use Goals

All applications for rezoning shall demonstrate compliance with the following criteria:

- a. Goal: develop a balanced and complete community which contains a mix of land uses and densities, housing types and styles, economic development, job opportunities, educational opportunities, and outlets for social and cultural expression.
- b. Goal: provide a pattern of commercial and office development which best serves community needs and which complements and serves all other land uses.

The purpose of the C-4 (Commercial) District is to provide for locations for the most intensive commercial uses intended to serve the entire City. It is intended that the district regulations permit heavy commercial uses characterized by automotive and light warehousing. The regulations of the districts are intended to provide a transition from general business areas to industrial and manufacturing uses, and to accommodate major locations of commerce, service and employment activities.

Development Coordinating Committee Review

The DCC reviewed and discussed the application for rezoning and offered no objections to the Planning Staff's recommendation for **Approval**.

Engineering – Construction Management Division-Plan Review

Recommend Approval with a Condition

1. Show accessible route from public right-of-way to building entrance

Engineering – Land Development

Comments:

No Objections.

Department of Transportation

Recommend Approval Notes:

1. Based on proposed use as a Wholesale Distributor and trips generated, a TIA will not be needed.
2. Sidewalk is required.
3. All existing / proposed paths of travel, accessible sidewalks, wheel chair access curb ramps and driveways within public right-of-ways shall be in compliance with current ADA /TAS rules and regulations and Current City of El Paso Design Standards for Construction.

Fire Department

El Paso Fire Department has no objections to the rezoning request.

El Paso Water Utilities

EPWU-PSB Comments

1. To provide sanitary sewer and water service to the subject property, main extensions within a 30 foot PSB easement are required. The required easement needs to be dedicated beginning from the northeast corner of private property (Track 1A5C2), and continue along the entire frontage of subject property.
2. The Developer is responsible for all sanitary sewer main extension costs, as well as the acquisition of all required on-site and/or off-site easements. EPWU requests that the Developer coordinate with EPWU to finalize the alignment of the proposed easements.

Water:

3. There is an existing 8-inch diameter water main extending along Maribel Chavez Ct. that is available for service, the water main is located approximately 8-feet north from the center right of way line.

Sewer:

4. There is an existing 8-inch diameter sanitary sewer main extending along Maribel Chavez Ct. that is available for service. Said main ends approximately 100-feet east from the northwest property line.

General:

5. All easements dedicated for public sanitary sewer facilities shall comply with the El Paso Water Utilities-Public Service Board (EPWU-PSB) Easement Policy. The PSB easements shall be improved to allow the operation of EPWU maintenance vehicles. EPWU-PSB requires access to the proposed water, sanitary sewer facilities, appurtenances, and meters within the easement 24-hours a day, seven (7) days a week.

6. No building, reservoir, structure or other improvement, other than asphaltic paving (HMAC), shall be constructed or maintained on the above referenced EPWU-PSB easements without the written consent of EPWU-PSB. The Developer shall refrain from constructing rock walls, signs, buildings, or any structure that will interfere with the access to the PSB easements. There shall be at least 5-foot setback from the easement line to any sign or structure.

7. EPWU requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

CITY PLAN COMMISSION OPTIONS

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the rezoning application:

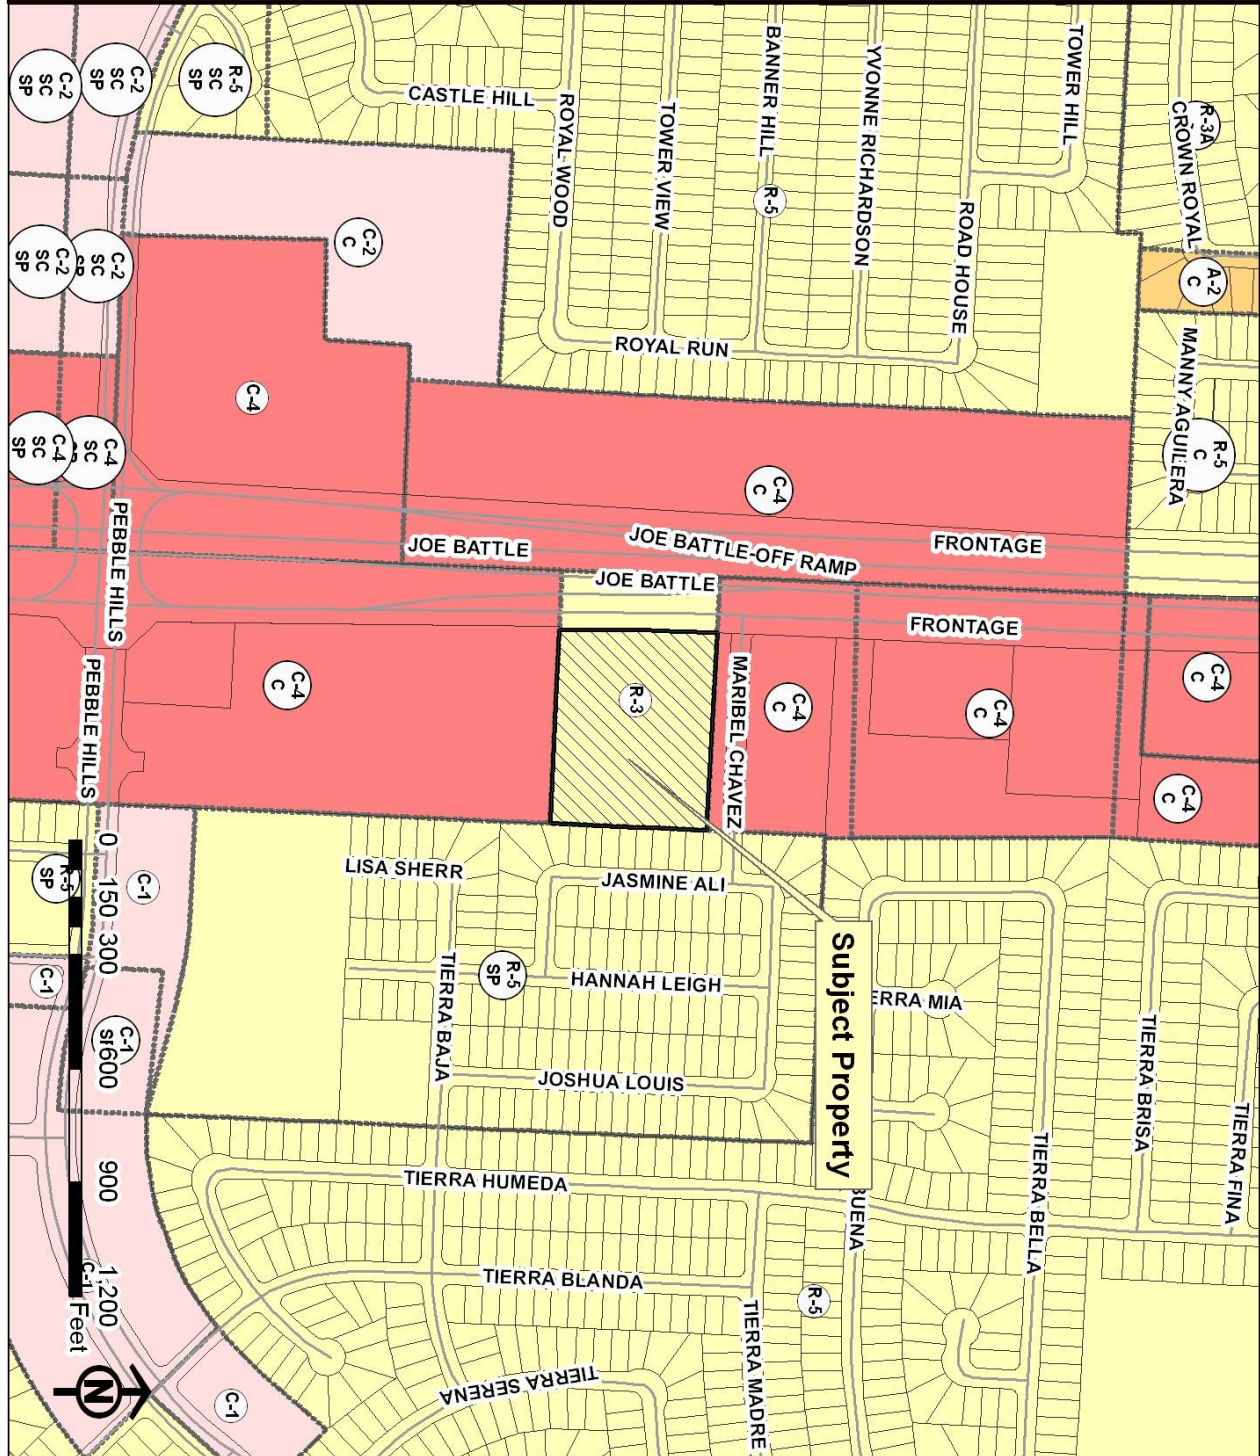

1. Recommend approval of the application finding that the rezoning is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan.
2. Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that rezoning does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.
